CONFERENCE PURPOSE

The International Conference on Fisheries and Aquaculture (ICFA) 2025 is a premier global platform addressing the urgent need for sustainable and equitable growth in fisheries and aquaculture. ICFA 2025, under the theme “Applying Food Systems Approach: Towards Harnessing the Full Potential of Fisheries and Aquaculture,” provides a unique platform to address these critical issues. As the demand for fish rises alongside population growth, critical challenges such as resource sustainability, climate resilience, and equitable access demand transformative solutions. ICFA 2025 focuses on bridging gaps across pre-harvest and post-harvest stages, enhancing value chains, and fostering collaboration among global stakeholders. By aligning with FAO’s “Blue Transformation” initiative and the Sustainable Development Goals (SDGs), the conference aims to drive impactful discussions and innovative practices that will shape a resilient and inclusive future for aquatic food systems.

WHY ATTEND ICFA 2025?

PRESENT

Showcase your research to a global audience and gain valuable feedback from experts in fisheries and aquaculture.

COLLABORATE

Engage with researchers, academic professionals, industry leaders, and policymakers to foster partnerships and drive innovation in the field.

SHOWCASE

Explore the latest technologies and products at exhibition booths while discovering industry advancements and solutions.

CONNECT

Expand your professional network by interacting with key stakeholders in research, policy, and industry through dedicated sessions and discussions.

OUR LEGACY

ICFA has built a strong global network of 6,000+ professionals, collaborating with 45+ universities across 150+ countries over 11 successful years.

A DECADE OF IMPACT

Celebrating over a decade of excellence, ICFA continues to drive advancements in fisheries and aquaculture through research, collaboration, and industry engagement.

GLOBAL RESEARCH PLATFORM

A premier stage for cutting-edge research presentations, featuring emerging trends and innovations in fisheries and aquaculture.

INTERNATIONAL COLLABORATION & BUSINESS GROWTH

Forge global partnerships, explore new opportunities for business cooperation, and drive innovation in the aquaculture industry.

ENGAGE WITH DYNAMIC SESSIONS & OPPORTUNITIES

✓ **KEYNOTE SPEECHES:** *Renowned experts in fisheries and aquaculture share groundbreaking insights, emerging trends, and future directions in the industry.*

CONFERENCE DESTINATION

NHA TRANG, VIETNAM – A GLOBAL HUB FOR FISHERIES AND AQUACULTURE

Located along Vietnam's stunning coastline, Nha Trang is a premier destination renowned for its thriving fisheries and aquaculture industry. As a dynamic hub for academia, research institutions, and industry leaders, the city plays a crucial role in advancing sustainable marine practices and innovation. With world-class aquaculture farms, research centers, and universities dedicated to fisheries science, Nha Trang provides the perfect setting for collaboration and knowledge exchange.

Beyond its academic and industrial significance, Nha Trang captivates visitors with its pristine beaches, crystal-clear waters, and rich cultural heritage. The city's unique blend of history and modernity makes it an ideal location for the International Conference on Fisheries and Aquaculture, where experts, researchers, and industry professionals can engage in meaningful discussions while experiencing Vietnam's vibrant coastal culture.

You can now easily make reservations for the duration of the conference. Globeenjoy, the conference's official tour, and accommodation partner will assist you in making this more comfortable.
